| Assessment                         | Credit accumulation is possible only after achieving learning results scheduled by syllabus that is expressed by one of the positive assessment grades implied by the multi-component evaluation system. The maximum assessment score of the academic program is 100 points. The evaluation system allows for five types of positive assessments:  
 a) (A) Excellent – 91% and more of the maximum score;  
b) (B) Very Good – 81-90% of the maximum score;  
c) (C) Good – 71-80% of the maximum score;  
d) (D) Satisfactory – 61-70% of the maximum score;  
e) (E) Sufficient – 51-60% of the maximum score;  
There are two types of negative assessments:  
a) (FX) Could not Pass – 41-50% of the maximum score meaning that student needs more time to pass and is given the right to take additional exam after independent work.  
b) (F) Fail – 40% and less of the maximum score meaning that the work conducted by a student is not sufficient and he/she has to pass the course again. |
